## INTRODUCTION

This Resource Directory will offer polio survivors in Pima County, Arizona a listing of professionals who provide an array of quality services intended to enhance or improve the quality of life of polio survivors and/or their family members. Remember, one professional may relate well with one person, but not be an appropriate choice for someone else. Polio Epic, Inc. does not endorse any specific professionals, products or services listed in this directory, nor are we to be held responsible for any of these listed.

Our intention with this directory is to give individuals new to Tucson a quick and easy reference guide of professionals whom members of Polio Epic, Inc. have found to be helpful. You may or may not like everyone listed, but you're sure to find some possibilities.

Each service provider's knowledge of polio and post-polio varies, but their willingness to learn more about polio, when necessary, makes them assets to our membership. When medical insurance is involved, you will need to ask the provider for the insurances they accept.

As you come across various professionals that are not listed in this directory, please submit to Polio Epic, Inc. the name and type of service, address and phone number of the resources that you want included when this directory is updated. Page eight (8) is a place to list these resources and suggestions.

Thank you.  
Polio Epic, Inc.
